Tribal News - A Letter From Council

Dear Members of the Tribe,

We have been working diligently to complete the final stages of our petition. Since we have not met our budgeted calculated goals, it is taking a little longer to complete the task of uploading all of the documentation, files and other information collected over the years. The purchase of new computers to help with the digital version that the BIA is requiring plus a paper copy is a monumental task. Also with the new specifications and requirements being applied is taking additional time. Our work is being done by volunteers, and not the technical professionals as hoped for to make the process quicker. Our projected date of submission is September of 2017. Please continue funding this effort by paying your dues through FCIOO and attending RIEOSO Community Fundraisers. We thank you for your efforts and support as always.

Respectfully

Tutelo Nahyssan Tribal Council
